Selling Point

Modern people often socialize with alcohol.

Friend gathering

Business dinners

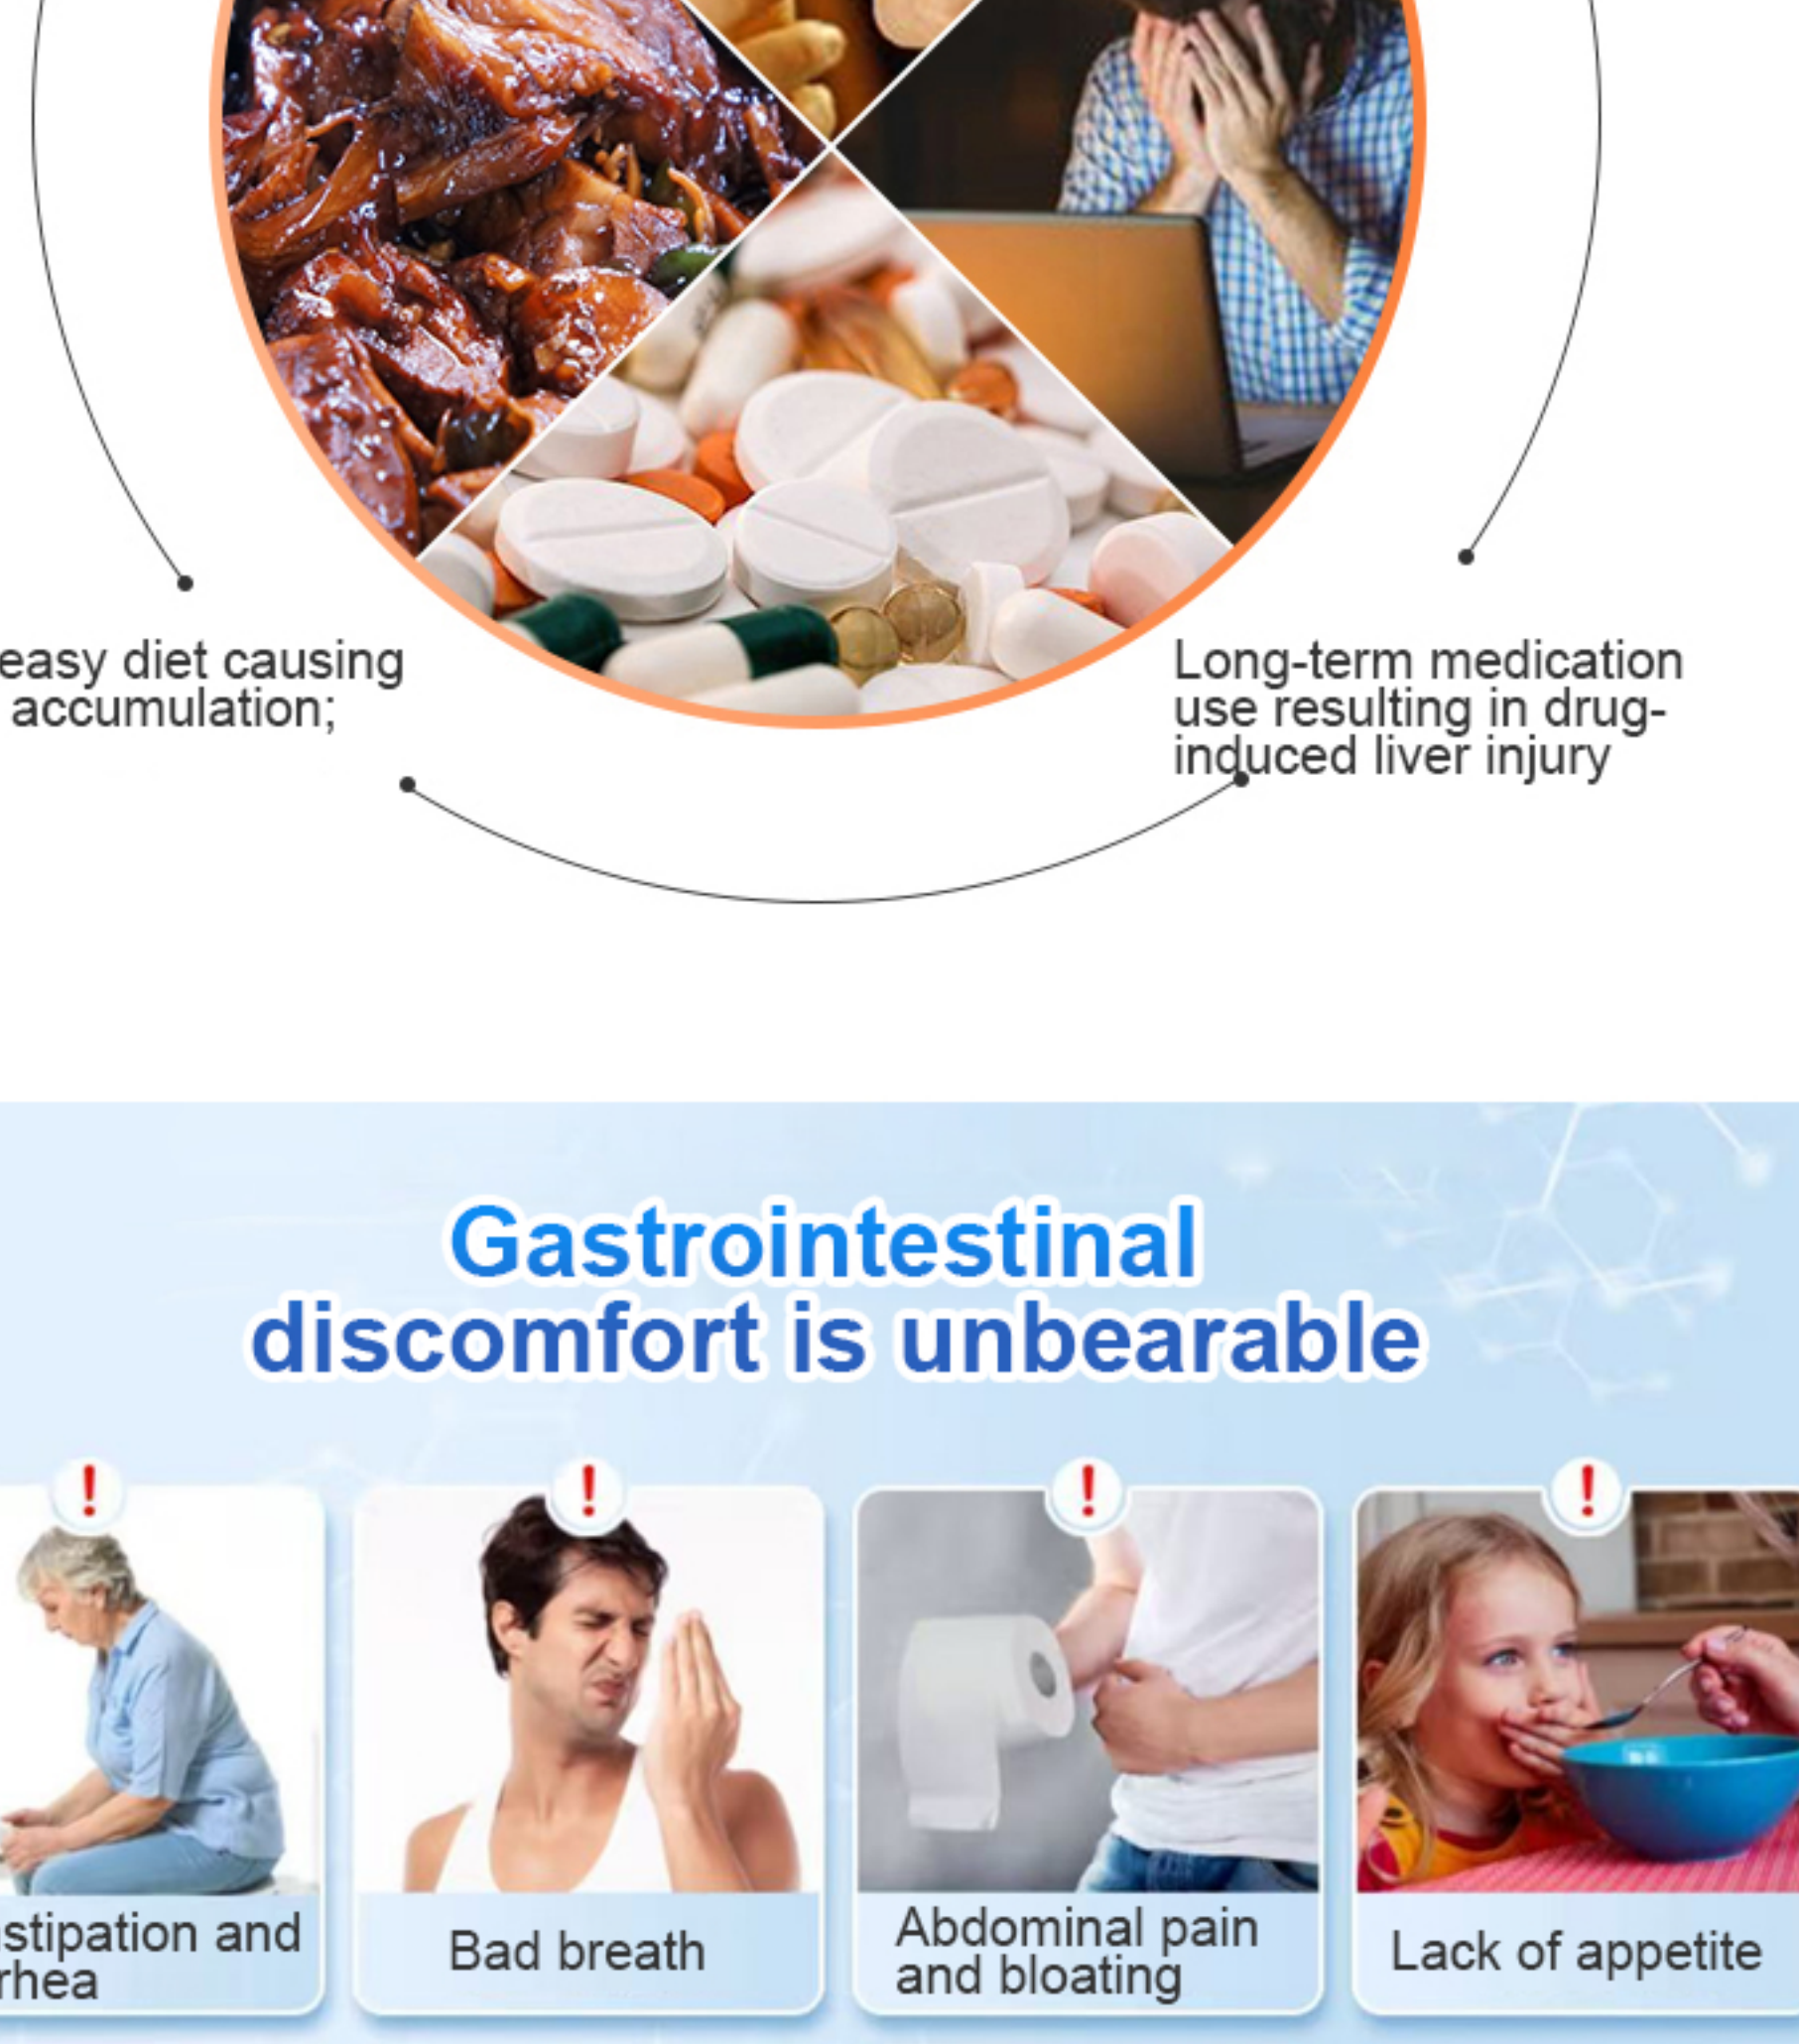

Nightclub parties

Holiday gatherings

Is your liver doing okay?

The liver is crucial to the immune system

Gastrointestinal discomfort is unbearable

Constipation and diarrhea

Bad breath

Abdominal pain and bloating

Lack of appetite

Acid reflux and heartburn

Fragile gastrointestinal tract

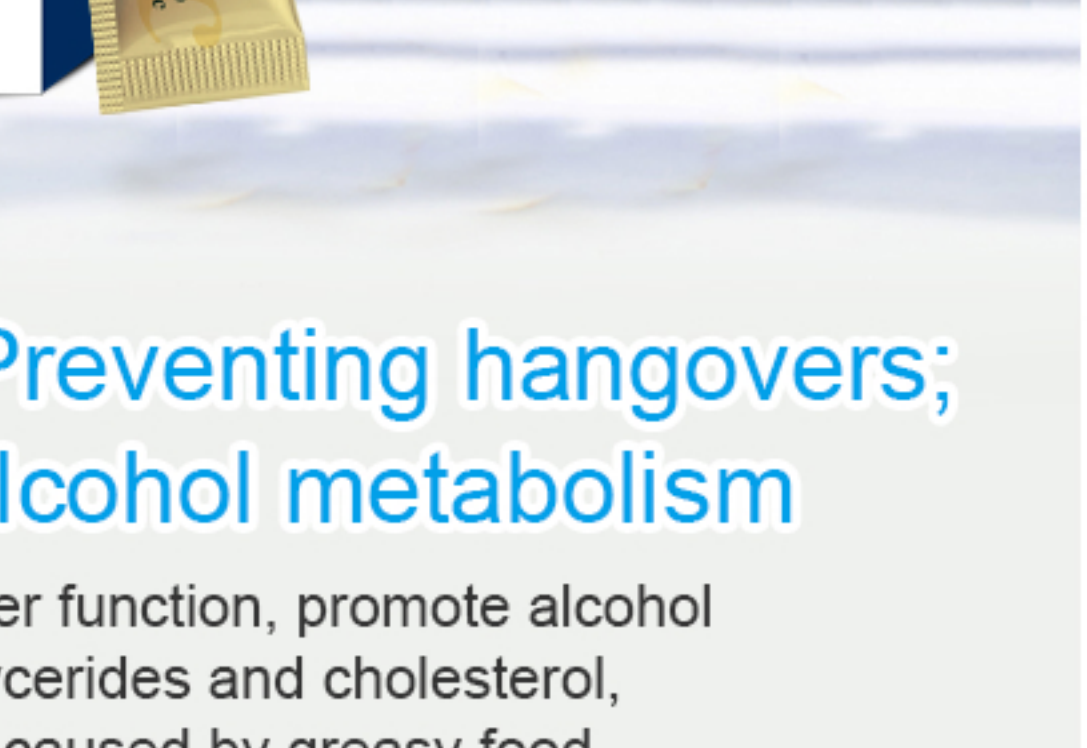

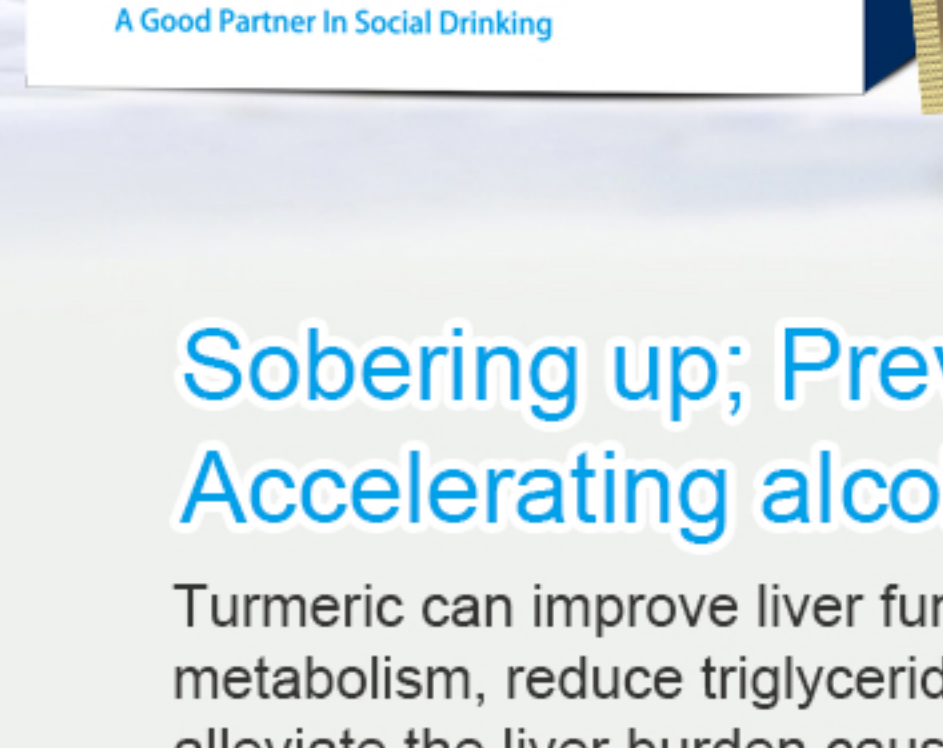

Nausea

Nasal sensitivity

Superior Dietary Companion, rapid Dissolution, Instant Relief

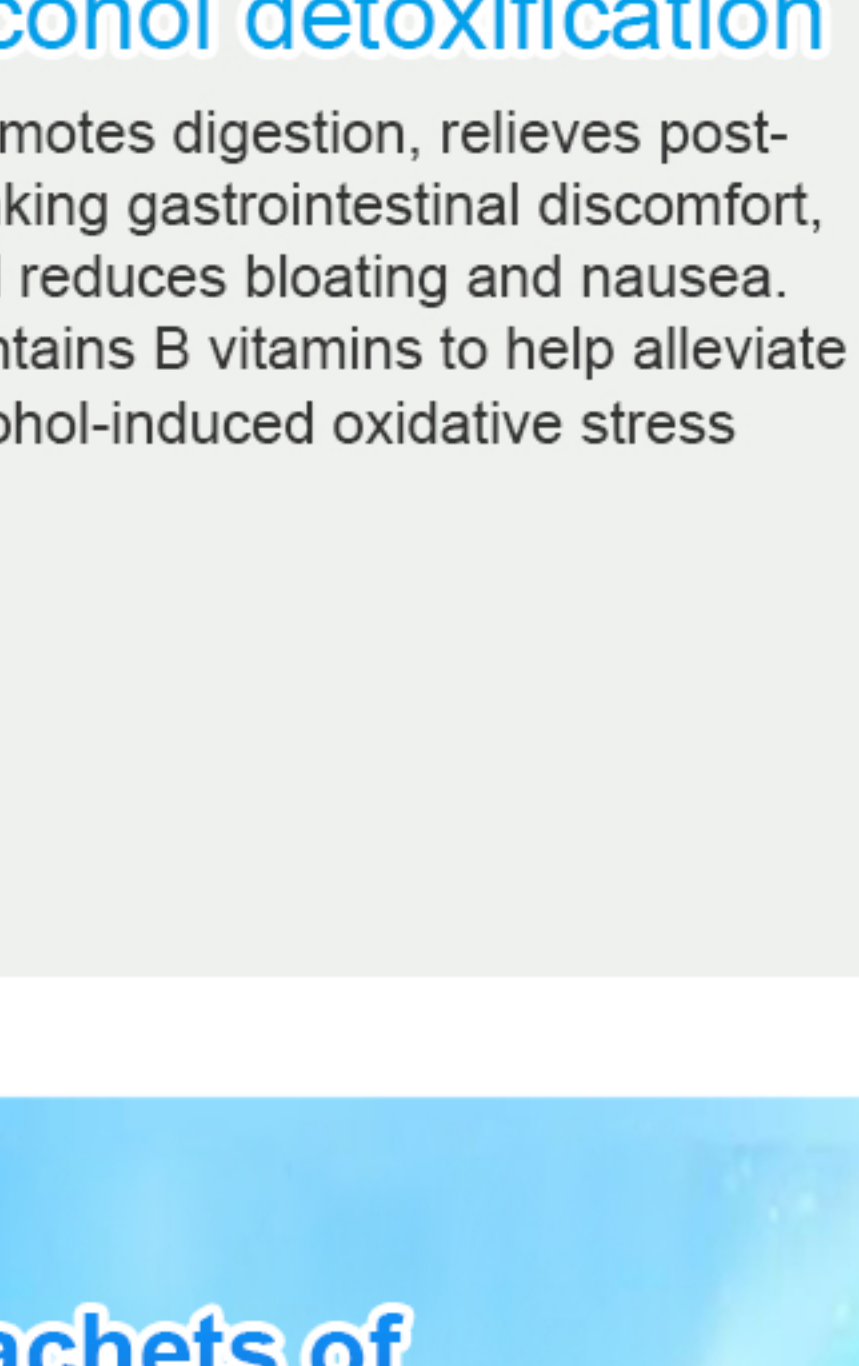

Sobering up; Preventing hangovers; Accelerating alcohol metabolism

Turmeric can improve liver function, promote alcohol metabolism, reduce triglycerides and cholesterol, alleviate the liver burden caused by greasy food, accelerate alcohol breakdown, and relieve mental fatigue after drinking

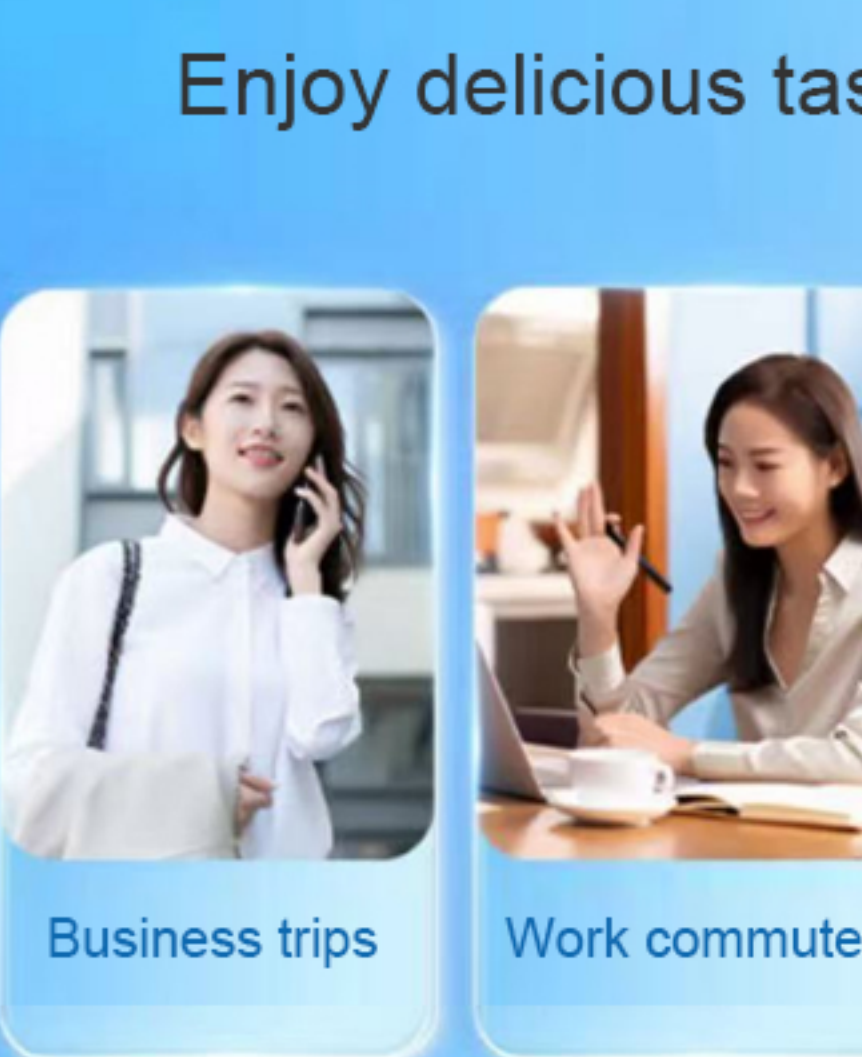

Natural herbal extract essence

Herbal liver-protecting essence acts quickly in the human body, forming a protective film in the esophagus, stomach and intestines to prevent alcohol from damaging human tissues and systems such as the esophagus, gastrointestinal tract and liver – providing immediate relief upon use

Comprehensive enzymes for efficient alcohol detoxification

Promotes digestion, relieves post-drinking gastrointestinal discomfort, and reduces bloating and nausea. Contains B vitamins to help alleviate alcohol-induced oxidative stress

Take 1–2 sachets of NanoDoc Dietary Guardpowder NB9X

Enjoy delicious taste anytime, anywhere

Business trips

Work commutes

Gatherings with friends

daily home life
